## Theatre Formans "Aladdin" at Festival of Wonder 2015

This year we present a new major performance by Theatre Forman Brothers.

Matej Forman has directed Aladdin in cooperation with a French theatre and the city of Plzen, European Cultural capital for 2015.

Together with his talented team of designers, Matej has created a fantastic Aladdin, which has been touring France with a French actor as narrator. It has recently been performed with Czech narrator and now a Danish version is in the works for Festival of Wonder.

The text has been translated and actor Claus Mandøe has agreed to be our Danish narrator. Rehearsals begin soon in Silkeborg between Matej Forman and Claus Mandøe, and will resume in September in Czech Republic. By November we expect a wonderful performance for both children and adults at Festival of Wonder.

**We look forward to seeing you in Silkeborg.**
